

Nordic Ski Clinic

Last Updated Wednesday, 17 February 2010

There are no more ski clinics scheduled for the 2009-2010 season!

Clinics are a great chance to learn to ski or to improve your skating/classic technique.

These events are designed to help improve all levels of skate ski abilities from first-timers to advanced. We also include instruction for beginner classic skiing if that is your preference.

Keep an eye out for clinics scheduled for the 2010 - 2011 season. We will definitely be back!

Until then, we hope to see you out on the trails!
